EVENT#: 171001-3519

STATEMENT OF [REDACTED]

MS: Uh, it'll be three years in December.

BH: Okay, and you currently - your current position is...

MS: I'm a bike officer. We work outside pretty much on bikes.

BH: On bikes, okay. And, uh, are you also armed?

MS: Correct.

BH: Okay, were you working on October 1st, 2017?

MS: I was.

BH: Okay, in what capacity were you working that day?

MS: Uh, I was - that day I was assigned to the south convention area of the property. So it would be like the convention area. Pretty much everything except for the garage.

BH: Okay, and, uh, do you recall an incident that occurred that day?

MS: Yes.

BH: Okay, and what - what, uh, in your own words what - what happened?

MS: Uh, well, I happened to be at the arena dock, uh, talking to the officer over there, checking up on her or whatnot. It was close to end of shift and, uh, I remember my manager came on - over the radio saying that there was an active shooter at Luxor, uh, festival area. We all knew that a Route 91 was going on over there. So immediately I, uh, I started heading towards Luxor Dr- or Mandalay Bay Road on my bike to see if I could, uh, do anything about it or whatnot, you know. So about - when I was getting to the corner of Mandalay Bay Road and - and, uh -- that road doesn't

really have a name, but it's - we call it 402 road, which is on the west side of (unintelligible) right there.

BH: Okay.

MS: When I got to that corner we received more information on the radio saying that one of our officers was hit. The call sign was, uh, 312, which is [REDACTED]

BH: Okay.

MS: And so, uh, once that happened immediately the dispatcher asked myself, 339, and another officer, 345, [REDACTED] to respond to 30 - level 32 'cause [REDACTED] had been hit. And he also related to the message that it appeared that he had been hit with a pellet gun.

BH: Okay.

MS: So I had a - a - do a 180, head back towards the garage. You know, we cut through the casino floor. Uh, we used full speed, we got to the center core at the center level. Luckily there was a - somebody had just got into the elevator so I just commandeered that elevator, which was this very first one on the left right here.

BH: Okay - okay.

MS: Uh, we rode it up. Uh, somewhere I don't remember what floor I did stop and my manager [REDACTED] and [REDACTED] from engineering, the supervisor -- I'm not sure what his - his last name is. I know his first name is [REDACTED] -- they got in the elevator with us and we made our way up to the 32nd floor. When we got off the elevator we were pretty much the first ones here. It was me, [REDACTED] with

engineering and my other co-worker, [REDACTED]. And we come out of the hallway right here where we're standing and, uh, you could hear automatic gunfire coming from the end of the hallway. And, uh, not towards us but it was obviously I'm assuming out the window I'm not sure. He was in the room.

BH: Okay, so fairly - fairly loud I take it.

MS: It was actually not loud at all. Which, uh, he kind of, uh, I knew it wasn't a pellet gun but I figured it was some kind of a lower caliber, you know.

BH: Okay.

MS: From what the news said. I didn't know at the time. But I also didn't know that he had, uh, shot through the door at [REDACTED] I didn't know that so.

BH: So you guys were standing like in the center core right here?

MS: So, uh, [REDACTED] and my, uh, my coworker, [REDACTED] stayed right here at this - what we call center core. Uh, [REDACTED] uh, my manager he came up where the ice machine is is where they first cut out, and he was taking cover behind that drywall. And I went a little bit further more to the next set of doors on the right, and we were just kind of listening - listening to what's going on down the hallway. And [REDACTED] was still down - somewhere down there. I'm not sure what - what - kind of what door. And he was ducked into one of the little cutouts I'm assuming. And so we were listening to this guy shoot out the window or shoot out - shoot in his room and, uh, he's either - he's either - there's pauses between the bursts. He paused about two or three times. Not sure if he was reloading or switching guns or whatever he was doing. In between

## VOLUNTARY STATEMENT

STATEMENT OF: [REDACTED]

pauses [REDACTED] ran towards us and he was going awfully fast for somebody that got hit with a pellet gun. You know, and he comes all the way down here and we come to check on him. His wound didn't look very severe so I said, okay, well, it's definitely nothing too big. And at that point it was kind of a blur. Um, I noticed [REDACTED] my co-worker [REDACTED] had come up this hallway right here, the 2- the 300 hallway and he was down here. Shortly after that the first two Metro officers showed up. I don't remember their names or P# or anything like that. And, um, after that happened we kind of fell back over here and, um, the officers helped - asked us to hold down this hallway over here, the 200 - this 200 hallway. No, I'm sorry, this is - yeah, this is the 200. So me, [REDACTED] and, uh, [REDACTED] held down this hallway. Somebody else was holding down this one and they kind of stay focused over here. Um, more officers arrived. Eventually SWAT got here. Um, some of their - no, SWAT was like trying to get their plan move together or whatnot. Anyway, before - before Metro, the first two Metro officers got here there was no more shooting that I can hear. There was no more rapid fire.

BH: Do you recall about what time that might have been?

MS: I really have no idea. I know I was standing in that hallway for a good five minutes before Metro got here.

BH: Okay.

MS: At least, it was - it was more than five and less than ten. It was, you know, it was kind of - 'cause at that time we're hearing radio traffic that there's a shooting - there's a shooter in the Crystal Room which is where our high rollers play, uh, table games.

## VOLUNTARY STATEMENT

PAGE 6

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

BH: Mm-hm.

MS: Apparently that was, uh, that was fake because, uh, Met- I guess Metro cleared that up pretty quick once they came in the building and so. Anyway, so we were over here holding down this hallway and one of the Metro officers comes up to me and, uh, well, comes up to us and asked us if we had keys. I happened to have a set of master keys because, uh, where I was stationed, uh, it requires master keys...

BH: Okay.

MS: ...in the south convention area, 'cause I gotta open doors and close 'em and all that. So I don't remember his name but he was in civvies, civilian clothes with a - with a, you know, with a - a vest that he had just thrown over and a pistol. And, uh, he told us that we were gonna start clearing these rooms one - one by one. So that's what we did. We, um, we would knock once or twice and then open the door. You know, he would announce himself Metro and we'd go in there. A lot of the rooms were empty. Some rooms had people in them. Um, some were aware of what was going on, just kind of waiting for us to get 'em. Some people were totally oblivious. And about halfway down the hall when we were clearing rooms, we hear the loud explosion of them entering, making entry. And then a little bit after that he kind of - he relayed the message to us that the shooter was - or one suspect was down. We finished clearing out that hallway, came back. By this time there was more - more officers up here. And, um, we started clearing this hallway, the 200 - the 300 hallway and, uh, at that point I just - I just opened the door and they went in, and got more people out. And, um, after that, um, more SWAT units showed up or I don't know if

## VOLUNTARY STATEMENT

PAGE 7

STATEMENT OF [REDACTED]

they were SWAT or not, but they came and they double-cleared and triple-cleared again. I didn't have no - I didn't have any part in that.

BH: Okay.

MS: I just kind of stood right here and, um, once everything was code four on this floor we just kind of stayed up here and I'd say it was the best post after all that 'cause we just kind of held down the fort, and all - everybody and their moms came and looked at that room. ATF, FBI, Homeland Security were here until 8:00 o'clock in the morning. Just, uh, there was three Metro officers here with us too. And then I - I don't know any other names.

BH: Okay, so, um, when you first get this, uh, this call that [REDACTED] has been hit, you think it's after 10:00 o'clock?

MS: Oh, it was definitely after 10:00.

BH: Okay.

MS: It was definitely after 10:00 because, um, you know, I got a phone call. You know what, now that you mention it, I never thought about it. I just hear what the media's telling me. So I know my -- hold on one second -- 'cause my - my cousin was the very first one who called me actually. So hold that thought because when my cousin called me I was already out of that hallway and I was already holding down this one. And according to my phone -- oh, I'm sorry -- well, my - my cousin thought it was a 1049. So -- never mind, that was way after. But, um, I'm pretty sure it was because grave shift comes in at 10:00 and I know they were already here.

**VOLUNTARY STATEMENT**

PAGE 8

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

BH: Okay.

AE: So...

BH: So you were ready for that relief already?

MS: Right, yeah. We were just kind of, you know, it's - the shift is winding down. We're just kind of, you know, I don't wanna say BSing but we were just kind of hanging out waiting to get called in really.

BH: Okay.

MS: You know, we were ready, but.

BH: So when you get up here you definitely hear there's automatic gunfire.

MS: Absolutely.

BH: How many volleys of fire do you think you heard?

MS: Well, I heard - I think - I'm pretty sure I heard him reload about I'd say two or three times.

BH: Okay, so you heard two or three different volleys.

MS: Mm-hm.

BH: Um, did all those shots, did they all sound the same?

MS: Yes, and...

BH: And then...

MS: ...and from where I was standing, like I said which was right over there...

**VOLUNTARY STATEMENT**

PAGE 9

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

BH: Yep.

MS: ...um, they didn't sound very loud.

BH: Okay, did any more shots come this way when you were up here?

MS: No.

BH: Okay, nothing came this way. All right, um, and obviously no one up here with you fired their guns or anything like that...

MS: No.

BH: ...that you're aware of? Okay.

MS: Not to my knowledge.

BH: Did you ever yourself make it down to the room?

MS: No.

BH: Okay.

MS: As far as I - I got - there was, uh, one point in the night where CSI requested blueprints of the - the room layout and the hallway, and I took it down about halfway down the hallway. That's - but that's as far as I got.

BH: Okay. Um, when [REDACTED] comes down the hallway was - were shots being fired at that point or...

MS: No.

BH: There was..

**VOLUNTARY STATEMENT**

MS: There was - there was shots fired but not at him.

BH: Okay.

MS: It was out the window.

BH: Okay, and then did you - was there anybody else with him on the floor that you were aware of that came out?

MS: Uh, I mean, as far as guests or...

BH: Uh, employees.

MS: Employees, no.

BH: No, okay.

MS: It was just [REDACTED] in that hallway.

BH: Okay, so you never saw the other engineer down there or...

MS: No. At [REDACTED] was over here with, uh, my other coworker, [REDACTED] He was like kind of ducking in.

BH: Okay.

MS: Yeah.

BH: Was there another engineer up here in the center core area anywhere when you got up here?

MS: No, I didn't see anybody else.

BH: Okay.

GM: No.

BH: You said your - your other security partner came up.

AE: You talking about...

MS: It was...

AE: [REDACTED]

GM: Yeah.

MS: Oh, yeah, [REDACTED] came up this way and, uh, [REDACTED] I wanna say which was, uh, they were - they were driving the mobile vehicle...

AE: Okay.

MS: ...security vehicle. And he came up after we had already gotten up here.

AE: Okay.

MS: So.

BH: All right, is there anything else you can think of or anything you think might be important for us to know about?

MS: I know, uh, talking to my co-workers that I guess one of my, uh, managers was in the stairwell, but he couldn't get up because it was blocked off while he was actively shooting out the window.

BH: Okay.

MS: As, uh, as far as I know, yeah.

BH: How about [REDACTED]'s injury? Did you - did you get - did you see that firsthand?

MS: Yes.

BH: Okay, what - what did you see?

MS: Um, it wasn't even bleeding anymore when I saw it.

BH: Okay.

MS: It was so small.

BH: Okay, so small - small...

MS: Small fragment.

BH: ...small...

MS: I'm assuming it was a fragment. But it - you could see where the - it like, you know, it bled a little bit, trickled, but, uh, apparently it's in there pretty deep from what he says.

BH: Okay, all right. Anything else you can think of?

MS: Mmm, no.

Boulevard, Las Vegas, Nevada 89119. Also present with me is special agent, Gary McCamey, M-C-C-A-M-E-Y and [REDACTED] from the MGM legal department. All right, sir. Um, I appreciate you comin' in and your time. Uh, so like we said before, we're gonna talk about things that may have occurred back on October 1. So, uh, you're currently employed with Mandalay Bay.

MO: Yes, sir.

BH: And that you said that was assistant secretary security manager.

MO: Yes, sir.

BH: Okay. How long have you been employed here?

MO: It will be 12 years, uh, August, uh, November 19.

BH: Okay. And were you working on October 1, 2017?

MO: Yes, I was.

BH: Okay. And that would have been during shift hours?

MO: Yes, sir.

BH: Okay. In your words can you just recall, uh, the incident that occurred that night?

MO: Uh, I was just leaving our, uh, casino security office and head to our briefing room. We had a couple of prior trespassers in custody holding for Metro to do a citizens arrest on them. My partners, [REDACTED] and, uh, um, [REDACTED] remained in the security office. I was going to the briefing room to update our graveyard management crew. Got into our briefing room, a call came out that, uh, possible

active shooter over at Luxor, uh, at which point I left the briefing room, headed towards the casino floor, making my way to the front upper valet. Right around - I wanna say, Stripsteak, a call came out that one of our officers was shot with a pellet gun...

BH: Okay.

MO: in the Mandalay tower.

BH: Do you recall approximately what time that would have been about?

MO: It was after 10 o'clock because it was aft- and, uh, our swing shift - our graveyard briefing had already concluded.

BH: Okay.

MO: Uh, at that point, I ran towards Mandalay Bay elevator core, met up with, um, Metro officers [REDACTED] and an engineering facility manager that were already in the elevator. We - at the time, the location was kinda a sket- wasn't 100%. We weren't sure if it was 31, 32, or 33.

BH: Okay.

MO: So we hit the buttons for all three floors.

BH: Okay.

MO: Uh, while we were on our way up to the elevator, we heard possible shots being fired in our crystal room. Subsequently unfounded. Uh, upon arriving on the 31st floor, we heard what appe- what we thought at the time were gunshots being fired.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**VOLUNTARY STATEMENT**  
PAGE 4

EVENT#: 171001-3619

STATEMENT OF: [REDACTED]

BH: Okay.

MO: And immediately myself, [REDACTED] and the two Metro officers exited the elevator on the 31st floor and started heading down the 100 wing. Approximately halfway down, we heard another round of gunfire at which point we kinda regrouped and realized it was above us 'cause while we were in the elevator core it was kinda hard to tell which floor it was emanating from.

BH: Okay.

MO: At that point, we could definitely tell it was above us -a strong odor of gun -of gunpowder and at that point we then headed to the stairwell on the 31st floor.

BH: This is the - this is the stairwell on the - at the end of the 100...

MO: One hundred wing, yes, sir.

BH: Okay.

MO: Uh, entered the stairwell, where we heard another round of - I wanna say - yeah, another round of automatic fire, followed by a single shot.

BH: Okay.

MO: And then silence, at which point, um, we secured the stairwell. The Metro officers on scene at the time, during this time were coordinating through the radio and we were advised that Metro SWAT was on ro- en route. So we made the decision to secure the stairwell.

BH: Okay.

**VOLUNTARY STATEMENT**

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

MO: Concentrating on the 32nd floor stair or door.

BH: Did you ever enter from the stairwell into that - that space?

MO: The breezeway area, no we did not. I think - I'm tryin' to remember if the Metro officers on scene checked the door or tried to open it. I - yes, uh, I can't say with 100% certainty if they checked it or not at the time because of the different reports we were getting. We were just waiting to see if someone was going to come out through the door. So we just secured...

BH: So you posted up to make sure...

MO: Yes.

BH: ...anyone comin' out that way.

MO: Yes. And I'm - I'm sorry I forgot about this. Um, [REDACTED] and another group were had gone up to the 32nd floor and we were in radio contact with them, while we were proceeding down the 100 wing on the 31st floor. So we were collaborating back and forth.

BH: And they went up to the 32nd.

MO: They went up to the 32nd exited and they secured at the beginning or right at the elevator core at the 100 wing.

BH: Okay.

MO: So we knew that there was occupants in - in the room, but when the shots ceased, we just secured.

**VOLUNTARY STATEMENT**

PAGE 6

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

BH: Okay. So from you're on the scene at that point then so no one - no one would have been able to get out of that room back towards center core on the 32nd floor or hit the stairwell and at least come down your direction.

MO: Yes, sir.

BH: 'Cause you guys were - you guys had gone from 31 up to 32 and were posted on, so he would have had to exit that door...

MO: Yes, sir.

BH: ...to either go up or down.

MO: Yes, sir.

BH: So at this point, you guys have containment on - on...

MO: Yes, sir.

BH: Okay. Perfect. Going back to hearing the - the, uh, rounds of fire, so let's break that down a little bit for me. Um, so as you guys exit the 31st floor, you say you hear...

MO: What had sound to be a clip being emptied.

BH: Okay. How many - how many round do you think were fired the first time you hear gunshots?

MO: It was - it sounded like a fully automatic weapon, so it could have been a full clip.

BH: Okay. Um, so definitely not and I assume you're famil- familiar with the firearms to a certain degree.

MO: Yes, sir.

BH: Semi-automatic fire. This isn't someone pulling the trigger quickly.

MO: No.

BH: Okay. Um, so that's when you guys were coming off the elevator of 31.

MO: Yes, sir.

BH: Then as you proceed so that's the first round that you hear.

MO: Yes, sir.

BH: Okay. And then you proceed down the hallway.

MO: We got about halfway down and heard another similar volley of shots.

BH: Okay. Did the sounds change at all?

MO: I - I would say yes, it sounded like he went to a larger caliber weapon.

BH: Okay.

MO: Um, but again, from our first vantage point inside the elevator, it's - I'm not an expert.

BH: Okay.

MO: Um, but yeah, it did seem like he - he switched back and forth between caliber of weapons.

BH: All right. So the tone changed, that's probably the FBI command. Um, so the tone changed and how many of those shots do you think you heard?

MO: Uh, though again, it seemed like a full clip.

BH: Okay. Um, and then you go proceed further in, is that correct?

**VOLUNTARY STATEMENT**

PAGE 8

MO: We proceeded into the stairwell and that's when we heard the final and that was again, another volley to a clip.

BH: Okay.

MO: And then a single shot followed after that.

BH: How long a time gap do you think from the last volley of fire to the single shot?

MO: Oh it was probably less than a sec. I mean, it was like back to back. It's like the clip emptied and then we heard a single shot.

BH: And was that - the sound of gunshot different than...

MO: Yes.

BH: ...the - the one's previously to that.

MO: Yes, sir.

BH: And what did that sound to you?

MO: To me it sounded like a handgun.

BH: Okay. Do you recall every looking at your watch or being able to kinda tell what time it was when this is occurring?

MO: No, that was the last - furthest from my - from my mind at the time. The only thing I did do was silence both of my phones. As soon as we heard got off the elevator. I didn't want...

BH: Okay.

BH: Do you recall what time that was?

MO: It was around 11 o'clock.

BH: Okay.

MO: Shortly thereafter.

BH: Okay. And were you in the stairwell when those officers breached that door?

MO: Yes, I was.

BH: Okay. Do you remember them having to use any - any tools or anything to get through that stairwell door?

MO: They - I don't know if it was a, uh, yeah, they used a - I guess, um, I'm not sure what you call it, but a flash bank.

BH: Okay.

MO: I mean, it was the door they couldn't open the door from just pullin' on it. So they breached the door.

BH: Okay.

**VOLUNTARY STATEMENT**

MO: And then once they breached that door, there was sometime where they secured or made sure the hallway was cleared and then they breached the sec- the room door with the same device they used for the door.

BH: Okay. So two - two explosive entries then.

MO: Yes, sir. Yes, sir.

BH: Okay. Um, and did you ever go up, uh, on to the floor at that point or enter the room?

MO: Once the cleared, I'd never went into the room, but once they cleared and they got their guys in and they were clearing a couple of the other rooms, we stepped into to the second door on the floor the actual door and I just stood there and held the door open to allow them back and forth. And all I saw basically the picture that on - that made it to the internet showing the one - I believe it's a 308 with the - the long-range scope. That's all I saw.

BH: Okay.

MO: That's as far from that door vantage point. That's the closest I got to that room

BH: Okay.

MO: Next step was, once they cleared us, I just went down the hallway towards center core.

BH: Um, when you guys are doing all these things, um, are you hearing any radio traffic over your guys' system?

MO: Yes.

BH: Okay. And - and what are you hearing at the time?

MO: Uh, our dispatch setting up the evacuation. Uh, we were in contact with [REDACTED]  
Uh, at one point, [REDACTED] went up to the 33rd floor to meet up with SWAT as they were clearing the floor above.

BH: Okay.

MO: And - and I know there was a team that was securing the floor below. And they - and that was, I mean, just basically evacuation and while we were going down the hallway when we left - exited the elevator, we were hearing - it was just basic evac. And there was a couple reports of other shots being fired, which again subsequently were found unfounded. There was no other shots anywhere else on property during this incident.

BH: Okay. Did you get any updates on, uh, on your injured officer during that time?

MO: Unfortunately, based on what we were doing, it was not something that we requested. It wasn't until we cleared the scene and I made my way down to the elevator core that I asked who it was and where they were and I found out which officer it was. And that, uh, the person that I spoke to wasn't sure where they were at. We then left the floor and I went immediately down to our security dispatch where I found out where his location was, which was in our beach level valet. I went to respond there, but probably 30 seconds prior to me getting there, AMR swooped in or I'm not sure which ambulatory service came in, picked him up and...

MO: Two Metro officers, yes.

BH: Do you recall who they were?

MO: Officer Hendrex and his, uh, trainee.

BH: Okay.

MO: It's E-X.

BH: E-X, okay. Okay. And...

MO: And I don't know what her name is. Sorry I didn't get her name.

BH: That's fine. That's a lot of information to recall from that. That's great. Um, okay. All right. Do you have anything else?

GM: No, I don't.

## DETAILS

I was watching the concert when I heard what sounded like fireworks. After hearing it start and stop I heard someone say "they're running off the stage". The music had stopped and people started running away. I had under a good tech for a while and continued to hear shooting. I saw someone injured so I ran again and saw two other people had been shot. I kept running. I didn't know where the shots were coming from but it sounded like they were coming from the right side of the stage area. People ran in the other direction.

DETAILS Was attending Route 91 Festival. 4-5 gun shots went off at first, I thought they were fireworks at first. A woman about 10 feet from me went down from the shots. There was about a minute before shots were fired again. This time in succession, many shots that were continuous - sounded like an automatic weapon. Everyone got down on the ground and covered their heads. The shots continued, we hopped over a barricade for cover. Shots continued, and many people around me were bleeding, unable to move. I hopped a second barricade, ran from the festival site to a private airport hangar, where we hid for 2+ hours until SWAT came to get us.

**DETAILS** Heard what sounded to be fireworks. Once I saw the entertainer leave stage I knew it was gunshots. Ran east towards the airport hangars. Hid in the bushes for a while until we were able to dig under the fence. Finally ended up inside a hanger and helped with injuries and anything else that could be provided. Heard multiple gun shots at the beginning and they repeated from the west. They seemed to be off a sight but eventually moved closer to what seemed on site. Could not identify the shooter.

DETAILS / My wife and I were located on the west side of the run-way all the way up against the railing wall in the corner in front of the sound room tent. I don't recall the time but I believe it was the third or fourth song in (Jason Aldean) when what sounded like firecrackers going off about fifteen feet west of us. Within a few minutes more "fireworks" and right after now a more distinctive automatic gun fire coming from the west. A young female went down five feet from us and the woman behind me said she was hit in the leg. More shots rang out, I covered my wife on the ground. I then jumped over railing fence with my wife following. We ran for the exit on the east side of venue. We ran and ended up at a motel trying to take cover but didn't feel safe there so ended up at the CoCo's restaurant. We hid in the second story

## DETAILS

I heard like firecrackers, looked up & saw flashbangs coming from Mandalay Bay. I screamed they were shooting at us. After first sound stopped started crawling to exit. Another sound started had to duck under overhanging seats for next set of sounds. I called my husband & said I might die. He heard shots on phone & then I felt a bullet hit my leg. Must have ricocheted off my thigh but did not penetrate. Carlsbad 20 in front also has a bullet ricochet off him but no penetration. I crawled out & eventually made it to Drapacane. Shots lasted at least 10 minutes.

my left and then my best friend who was on my right and I was like, "We need to get out of here right now." And no one was running yet, we just, like, ducked and started walking fast. Like, nobody else was moving and then just, like, the more sprays and the louder it came. And then I got hit, like, pretty much right away I think because, like, my bullet is in the front of my leg so I think I just, like, turned around to see - to make sure my best friend, I was holding on to her and she was like behind me and I think that is when I got hit. 'Cause we were walking away from the stage, away from the concert. But my bullet wound is right from the front at my knee cap.

WH: Okay. And from that point, what el- what else happens?

KS: So then we - so then I fell and I said I got shot and I think...

?: I picked you up.

KS: ...my friends fell with me. And then, um, when I was on the ground, like, I took my backpack off my back and I grabbed my phone and my wallet and I gave it to my friend [REDACTED] and, like, she was saying like, "No. You keep it on you." But I just knew I was going to lose it because I knew, like, I had to get carried or something. So I tried to start running on my left leg and lift him and [REDACTED] on each side of me, like, just holding my arms and trying to run but then when the spraying would start again we would just, like, fall to the ground and I couldn't get up. So then he carried me. We were running but every time the bullets started, we had to, like, drop on to the floor and then every time they stopped we would get up and start sprinting again. It was he - him carrying me. And then, um, - hi [REDACTED].

STATEMENT OF: [REDACTED] (KS)

?: Hey, how are you?

KS: Good how are you?

?: Can I put these over here from us?

?: Yeah.

?: These are from me and [REDACTED]

KS: Let me see.

WH: Please give me one second.

?: Oh, I'm sorry.

KS: And then, um, and then, um, we - we had to stop running 'cause I was just really weak and, like, blood was spewing out from my injury. So we - we, like, found this little, like - like, vendor tent thing and other people were hiding behind, like, the plastic fold up table. They were holding it, like, this way, not hiding underneath it and so they let us in since I was hit. So my friend [REDACTED] went under a bench just, like - like, curled up like a turtle. And then I had to just kinda stay on top of people because of my leg and then he went on top of me and then more people ended up coming and going on top of him. But we got lucky, there was a nurse, like, in that hiding place and she was, like, ordering everyone what to do and she had one of the guys take off his belt and she wrapped my leg really tight and then ordered someone else to take off their long sleeve shirt so she'd have the extra material and wrapped it around my, um, my wound. And so she stopped the bleeding, like, really, really well.

STATEMENT OF: [REDACTED] (KS)

And then, um, we just kept waiting and then, like, another spray of bullets would start like another round and we were just laying there. And, um, it sounded like it was getting closer so one of the guys, I think it was the nurses husband, she - he was talking everyone through it, like, I'm on the lookout. Like, everybody stay down, I'm staying up, I will let you know if I see anything. Um, and I started saying, like, I wanted to leave. I don't want to stay laying here. I wanna leave and then that just happened to be about when, like, he said, "Okay, once there's another break, if it's a longer break, then we're all gonna get out of here and run to the back entrance but if it starts again, we need to stay. And that's it.

WH: So ultimately who transported you to the hospital?

KS: Um, well then, like, it was really hard to get a car because no - no one was stopping. So, like, he left me with these two guys that were holding me and he just ran out in front of cars and then, like, we finally got this one girl to stop but, yeah, it was a cab driver.

WH: Hey dispatch, I'm in an interview.

KS: It was a cab driver, um, so she stopped but they were screaming that, like, no one could come in but since I was shot, they took me. And I was in the backseat with, like, five people but they were, like, laying down and, like, I was sitting on a girl who was unconscious and, like, it was - it was packed in there and...

WH: Yeah.

EVENT#: 171001-3519

STATEMENT OF: [REDACTED] (KS)

KS: ...like, he was able to crawl in so he didn't leave me but they were, like, so we drove a little bit and they were kicking out everybody from the cab who, like, wasn't injured 'cause, like, so many people were injured and needed rides. So were, like, kicking people out and getting new people. But everybody was scared and hurt and everyone was trying to call home but, like, we didn't know if we were driving towards the shooters or away, like, we were just trying to make it through crowds of people and then when we got to the hospital. Like, someone, like, people came out to the car and grabbed me out and put me on a stretcher but that was only for, like, a second. Like, he literally dropped me off in the hallway on the tile ground and he left me there, um, and I was just, like, screaming in pain and they, like, took him away, like, they wouldn't - they weren't letting any loved ones or family members, um, 'cause there were so many people, like, getting taken in. So, I was one of, like, the first people in there I would say and one of the first groups, um, then I laid there by myself, like, pretty much screaming and moaning for 4 1-2 hours without any type of medical attention. And then, like, someone finally came over and started an IV of just fluid and eventually painkillers. And eventually like an x-ray and then the surgeon came in and said I - said I needed emergency surgery but I didn't see her again for, like, four hours.

WH: Okay. And through all this, all the shooting came in rounds.

KS: Mm-hm?

WH: Like like lots and then nothing...

KS: I was standing in front of the neon - neon bleachers, I guess, Neon light party is what they called it, um, watching the concert, they were only like, two or three songs in, Jason Aldean...

DW: On the - uh, I'm sorry to interrupt, but on the stage, is that left or r...

KS: If I'm looking at the stage, I'm on the right side of the stage.

DW: You're on the right, okay, per- okay.

KS: And I thought it was fireworks, then we thought it was, uh, what'd we think next, I c- I just thought it was fireworks. And then - and then we thought somebody was on the ground shooting at us. I heard, (making bullet whizzing sounds) you know, goin' by my head, and everybody says, "Get down - get down," and so we're kind of like, just tryin' no- tryin' not to fall down and get trampled. Um, [REDACTED] my friend that was with me, she kept saying, "Get up, don't - don't - don't get down, we gotta run." And so, then I could hear it go by - the bullets go by my head, and we got down and when I laid down on my stomach, that's when I got hit. My assumption, because when I got hit, I thought it went through my back to the front, and then it - actually I thought it was lodged inside, but turns out it came in through the f- front side and went out the back, um, and it, you know, didn't - didn't stay inside. Um, I think it's - I was on the ground, I think it hit the ground and then, 'cause they were huge - huge bullets. And I

So I think that's when we all knew something - it was not fireworks. So, um, we fell to the ground and then, um, (unintelligible) and then, um, I think - was it - while they were trying - firing other shots, and then we got up. Um, I could definitely tell if they were coming from like, the air, um, I thought they were coming from a helicopter, just 'cause there was like helicopters that were flying around, um, but, uh, then we got back down on the ground again, and that's when I got shot. And then, once that round kinda ended we got up and ran, and just kept running.

PF: Okay. Is there anything that we, uh, haven't asked you that you think that we- you would like to say or that - that we might need to know?

SS: What about the truck? You said you got in the truck first?

JR: Um, you mean, oh, what that people were gonna drive us?

SS: Yeah, before you got in the ambulance, and in the truck.

JR: Yeah, som- well, someone wa- we found someone on the street who was gonna take us to the hospital, um, I don't kno- I don't know what - what else could be helpful.

PF: Okay. All right, d- we thank you very much, okay...

STATEMENT OF: [REDACTED]

JR: Um, so we were watching the last, um, performer on the stage, I believe it was around 10:30 and there was, um, like, a bunch of bangs going off all at once, um, and everyone around me, we're all kind of looking up at the sky, thought maybe that it was fireworks and we didn't see anything. Um, and everyone kinda looked a little panic, but everyone was like, "Oh, its fine it's probably just the - the speakers or something," um, and then about five to 10 seconds later, um, more explosions went off, or gunshots went off, and at that time people were yelling to, "Get down - get down," um, so we all got down on the ground, in the grass, um, the grass area of the venue. And then, uh, m- people just got up and started running towards the exit so the opposite way of the stage. Um, so and like, me and my two friends that were with me, began running towards the exit and they were in front of me, and then I was hit in the back, um, by a bullet. Um, and I dropped to the ground, and I was yelling for my friends to help. Um, and i- my friends came back. At this point we were all crying and emotional, we didn't know what was happening, there's people running all over the place. And, uh, my friends were yelling for help, and an off duty EMT happened to be running by, so he stopped, he put pressure on my back, and he picked me up and carried me out to the parking lot. Um, or ran with me to the parking lot. They'd put me down near an ambulance, and put me under the ambulance 'cause at this point there was still shooting going on. Um, and, and then I - I passed out, and I came to, on the concrete, still with everyone yelling my name, and they were trying to get an ambulance but it was just chaos, so they were able to hail down a taxi, and

the office- the EMT put me in the back of the taxi and, um, held down my wound - put pressure on my wound. Um...

DM: The EMT rode with you?

JR: Yeah, he rode with me. Um, and my two friends that were with me were sitting in the front seat, and then, um, we got here to the hospital, really fast...

DM: This is the first hospital they brought you to?

JR: Yeah.

DM: Okay.

JR: Um, and I- I heard - I remember being in the backseat laying there and saying, "Hey, we need a bed, she's been shot - she's been shot," and then I got put on the bed and I don't really remember being like, wheeled into the hospital, um, I remember bein' in the car and I remember like, bein' in the ER. Um, and then after that I was just sitting in the ER with all the other gunshot victims.

DM: All right. And your - your wound is it back, um...

JR: On my back.

DM: ...did they have to do surgery?

JR: No, they haven't done surgery. So, I have a collapsed lung, um, with blood inside, so I have a - a chest tube taking out all the blood...

Yo estaba en uno de los baños limpiando y cuando empezaron los disparos pense que eran juegos pirotecnicos. Cuando escuche el segundo, pense que tambien eran juegos pirotecnicos. No fue hasta la tercer ronda de disparos que me di cuenta que eran disparos. Me encerre en uno de los baños y despues le llame a mis dos hermanas que tambien estaban trabajando en los baños al frente mio. Llame al 9-1-1 tres veces pero no me contestaron. Llame a mi esposo para decirle que el llamara al 9-1-1. Despues llame a mi iglesia para dejarles saber y que nos pusieran en oracion. Entraron mensajes a mi celular pero los disparos continuaban. Mi jefe cerro las puerta del baño donde yo estaba encerrada. No se cuanto tiempo paso pero escuchaba que sacaban a la gente del festival. Llame a mi esposo para decirle que estaba encerrada bajo llave en un baño. Volvi a llamar a mis hermanas y dijeron que ya estaban afuera del festival. Llame a mi supervisora

Cuando pase por en medio me di cuenta de la gravedad, mis pasajeros me pedían que por favor le diera rápido y se agachaban, ellos estaban gustados, al igual que yo.

El sonido de las metralletas eran muy fuertes para mis oídos y sentí que ahí podía morir me puse más asustado, al ver a mi alrededor todo el peligro que había en ese lugar se me hizo eterno llegar hasta el MGM donde deje a mis pasajeros.

Desde ese día he tenido pesadillas y siempre sueño esa huida, este es mi testimonio.  
Gracias.

estamos a salvo." El me pregunto estas bien? Si, y le pregunte y ustedes. Si tambien. Que hacamos dice. Necesitamos brincar el fence, pero ya te ayudo fue lo que me contesto. Decidi brincar "trepar" el fence y al llegar a la cima gente corriendo por todos lados, fue lo que vi. Grite aun mas mi miedo. De un salto ya estaba en el piso y corri a una patrulla que estaba cerca para saber que era lo que tenia que hacer, solo encontre gente cubriendose detras de ella. Asi que segui corriendo con la demas gente cruzo la calle para ir hacia el estacionamiento del Tropicana y abi nuevamente se escucharon balazos y me escondi detras del dumpoter azul que se encontraba abi. Llorando y mi corazon latiendo al mil por hora y el miedo corria por todo mi cuerpo pensando en que una bala podria alcanzarme fue horrible. Cuando terminaron los disparos nuevamente la gente corria y decidi correr con todos ellos volteando hacia un lado y otro para ver a alguien de mis companeros. Solo que desafortunadamente no encontre a nadie. No sabia ni donde estaba. Una de mis companeras me hablo por telefono para saber como estaba y a la vez me preguntaba donde estaba. Pero yo no sabia, estaba muy confundido, asustado que no podia entender mucho. Mi jefe tambien me llamo y me dijo no salgas mantente a salvo, ya que el penso que aun estaba dentro del evento. Lamine hasta llegar a la Tropicana <sup>street</sup> aun no me sentia segura, solamente ya estaba lejos del lugar. Hable a mi hermano. Despues estuve haciendo llamadas a mis companeros y otros de ellos llamandome. No puedo dormir bien, no tengo mucho apetito. Los ruidos me asustan mucho.

## DETAILS:

My daughter and I are victims of the Harvest Route 91 Festival. We attended all 3 days. The night of 10/1/17 was the worst day of our lives. We are happy to say that we have ~~more~~ minor physical injuries, muscle ~~bruises~~ bruises, scrapes and cuts. My daughter bruises, scrapes & cuts to include shrapnel in her hip. But our mental state is ~~was~~ definitely altered by the terror of thinking we were going to die. We were fortunate to find shelter and I want to THANK BOB and LRPD for saving our lives. God Bless

I am in therapy and have missed 3 days of work.

DETAILS On Sunday Night I was working the third day of the Route 91 Festival, I was at the "center Mix" bar leading to the stage. I was inside the trailer where we were storing all the beer and liquor in. In the first song of Jason Aldean's performance, I heard a couple gun shots, but did not think anything of it. A few minutes later, a nightmare began and gunshots ran down on us for 10 minutes straight. After hiding in the trailer laying low for 5 minutes, I decided to make a run for it towards the exit gate; I believe it was gate 4. I was facing the gate when I felt something hit me under my ear. Not looking back I continued to run across the street into the apartment buildings. My injury was minor, but I can still feel pain and cannot take the images out of my head.

**DETAILS** On October 1st 2017 at approx. 2200 hours, I, [REDACTED], was standing stage left when I heard popping noise. Everyone started to look around and it was quiet. After a moment the popping noise started and didn't stop. Myself + my friends got down on the ground then ran east. We hopped a fence into a dirt parking lot. The popping was still going on. We hid behind cars until a guy in a Tacoma told us to get in the back. He sped off down a dead end road near Sundance Helicopters. We all ran inside and hid in a hanger. At approx 0100 hours we were transported via bus to the Thomas + Mack.

**DETAILS** I was standing near the stage on the west side while Jason Alden was playing. I heard approximately 4-5 barging noises and then it stopped for approximately 3-4 seconds. I then heard rapid popping noises and glanced to my right when I saw a lady in her 20's drop to the ground. An individual stated "she's hit" or something similar. I then grabbed my girlfriend and ~~took~~ took her to the ground. The popping sound lasted approximately 10-15 seconds. There was a pause and my girlfriend and I ran behind a metal bar in the middle of the viewing area. The popping resumed and we attempted to find any cover possible. The last thing I clearly recall is my girlfriend and I saying "I love you" to each other. We then ran to the north after the popping stopped. I heard more popping and believe we dove into a bush. Ultimately, I ended up running to the Horseshoe Casino where we hid in a hallway near a kitchen.

## DETAILS

I was at the Ponce at Festival when Aldean had sang 3 or 4 songs. He was standing @ the stage w/ his guitar singing & I heard what sounded like pop (Fireworks) then several rounds of bullets we were standing about 25 ft. away from the (R) hand side of the stage if you are standing in front looking @ it. There was a guy named [redacted] that was about 10 feet behind us that was shot in the chest I had helped control bleeding then put him over the gates to receive further help. We were then put under the stage. Then the police came to get us out. There was another man named [redacted] that was shot in the liver & his wife shot in the head. We put him in the car @ transported him to the ER. The guy [redacted] who had been shot in the liver didn't have an exit wound. We have since been taken to safety & remain here for. My 14 yr old may have more to add.

## DETAILS

Shots fired. My husband said he thought a helicopter. They got jammed ahead of stage so fast. I was located on left side if looking at stage. Shots came from Mandalay Bay Region. Based on sound. We ran so fast lots of bloody people from jumping walls & fences. Kept hearing shots like gun being reloaded. Kept running and ended @ Atlantic airport.
